

# JOINT MSPM/MBA CURRICULUM GUIDE

GW's School of Business is the first to offer a general Master of Science in Project Management (MSPM)/Master of Business Administration (MBA) joint degree program. The joint degree program offers an innovative curriculum that combines core principles of project management with general management and business training. Courses that are 3 credits are 14 weeks long, while courses that are 1.5 credits are 7 weeks long, offered in either the first or second half of a semester. Students can choose to participate in the Global MBA (full-time), which includes an additional 4.5 credit hour international residency, or the Professional MBA program. Please visit <http://business.gwu.edu/mspm> for more information.
