

**Come and demo CareerBeam: A potential new research tool for students and ENJOY FREE PIZZA!**

**FREE PIZZA!!**

**Friday May 9<sup>th</sup> 12:00-2:00pm Duques Hall Room 552. RSVP through GWorkSB  
Contact the Career Center if you have any questions!**

*Just a few highlights and features that CareerBeam has to offer include:*

- Job Trigger technology that continually scans more than 20,000 business sources for over 150 categories of "job trigger events" which indicate an **actual job posting or opportunity**. We produce over 25,000 new job triggers every day. Triggers that match your criteria are **emailed to you as job leads**.
- **Search Companies** area that includes **over 17M organizations** containing company overview, key information and business intelligence. You'll have access to 20M industry contacts, many with biographies and contact information, which is **great for connecting with alumni**.
- **Utilize LinkedIn to see how you are connected to industry contacts**.
- Company Intelligence, including all Dun & Bradstreet information for you to create specific Industry, Company, and Geography searches to **create target company lists**. There is also a "research on demand" feature that allows you to request research on companies not currently in the database.
- **CRM for Students** to manage their job search! Track Companies & Manage Contacts features that assists you in finding new positions in target companies, storing key contacts, notes, resumes, cover letters, and positions descriptions, and scheduling follow up calls and interviews.
- **Industry Research Database covering over 200 industries** saving valuable research time, enhancing interview performance and giving you the competitive edge to win more offers.
- **International Database covering over 70 countries** for career opportunities
- **10 assessments/exercises** that culminate into a personalized career report
- **Interactive seminar series** with Professional Resume and Cover Letter Builders
