Updated 8/22/16 | Subject to Change

The first year of requirements is the same for all GWSB students regardless of the degree pursued. This gives our students time to explore and research the different degree options offered in GWSB, which include: Bachelor of Business Administration (BBA), Bachelor of Accountancy (BAccy) and Bachelor of Science in Finance* (BSF).

*(by application only)

### 10 BBA Concentration Options:
- Accountancy
- Business Analytics
- Business and Economics and Public Policy
- Finance
- Information Systems Technology Management
- Innovation and Entrepreneurship
- International Business
- Marketing
- Sport, Event, and Hospitality Management
- Individualized Field of Study (by application only)

Students may take concentration courses as early as spring of Sophomore year.

Students pursuing two concentrations should work with an advisor on creating an academic plan. Depending on approved options, the International Field Course may share in both concentrations.

**Minoring Outside of GWSB:**
GWSB students who pursue the BBA degree are required to minor outside the School of Business. Minors range from 15 credits to 21 credits; most are 18 credits. Students should work with an academic advisor to determine the best minor in light of their professional and personal goals.
