**Laptop Specification Recommendations**

**For MBA and all other graduate programs**
To ensure the best possible experience as a student in our program, we strongly recommend you bring a laptop running Windows 10 (64 bit version) and Office 2016 (64 bit version) for Windows installed. MS Office 2016 can be downloaded from [https://it.gwu.edu/Office365](https://it.gwu.edu/Office365)

We also recommend the following minimum hardware specifications:

- Quad Core Intel i5 processor or above
- 16 GB of RAM or higher
- 256 GB (512 GB recommended) hard disk space total

**For MS in Business Analytics**
To ensure the best possible experience as a student in our program, we strongly recommend you bring a laptop running Windows 10 (64 bit version) and Office 2016 (64 bit version) for Windows installed. MS Office 2016 can be downloaded from [https://it.gwu.edu/Office365](https://it.gwu.edu/Office365)

We also recommend the following minimum hardware specifications:

- Quad Core Intel i7 processor or above
- 32 GB of RAM or higher
- 512 GB (1 TB recommended) hard disk space total
