

Policy Exception Request

A student seeking an exception to a Graduate Programs, School of Business, or university policy due to extenuating circumstances must submit a Policy Exception Request. The form must include the policy that the student is requesting an exception for and all supporting documentation.

Guidelines:

- A policy exception request must be accompanied by documentation of extenuating circumstances. (ie medical documentation, deployment orders, etc)
- Students should not assume that policy exception requests will be approved.
- Until a student receives written confirmation that an exception has been approved, the student should operate under the assumption that it will be denied (ie the student should continue to attend class, submit assignments, consider alternatives, etc).

Requests involving medical or mental health issues:

- Requests involving physical health must be accompanied by documentation from a medical professional. Such documentation will be considered, but it does not solely determine the outcome of the request.
- Requests involving mental health must have the support of the University Counseling Center (UCC). Support of the UCC will be considered, but it does not solely determine the outcome of the request.

The following requests will not be considered:

- Requests for exceptions on the basis of not knowing the policy.
- Requests to withdraw from a course after the posted deadlines on the basis of poor academic performance.
- Requests after the module/semester has ended, the final project and/or exam has been attempted, or a grade has been issued.

Policy Exception Request

Student Name _____ GWID G
First Name Last Name
