Effective Fall 2020, The George Washington University School of Business (GWSB) has increased the opportunities for Non-GWSB students to pursue a field of study within GWSB.

### Second Major Options*
- Business
- Business Analytics (STEM)
- Finance
- Information Systems (STEM)
- Marketing

### Minor Options*
- Accountancy
- Business
- Business Analytics
- Creativity, Innovation and Entrepreneurship
- Management and Leadership
- Marketing
- Real Estate

### How To Declare
The Office of Undergraduate Programs does not review Non-GWSB requests for declaring GWSB minors or second majors. The decision to approve or deny a student's request is the sole determination of their home school advisor, who may declare the field of study on the student's behalf. If a Non-GWSB student has any curriculum questions about these fields of study they are welcome to meet with any member of the Office of Undergraduate Programs advising team.

*Updated 10/1/2020. Major and minor options and their curriculum requirements are subject to change with each academic year.*
