YOUR REGISTRATION PLAN

INSTRUCTIONS: Now that you know what courses go into a typical first semester schedule, use the worksheet below to create your first semester schedule for GW. Use the [Schedule of Classes](#) to look up registration information for courses you plan to take. Pay close attention to **"linked"** discussion/lab sections. Remember also to give yourself enough time to commute between classes. **NOTE:** Your **DegreeMAP Planner** will be updated this summer with suggested classes and other important notes from the Advising Center to consider when building your first semester plan.
